Presently before the Court is Defendant Novo Nordisk Inc.'s ("Novo") motion to seal its reply in further support of Novo's motion to disqualify Dr. Fleming as an expert for Plaintiffs. (Doc. No. 948.) The Court has previously issued orders sealing Novo's motion to disqualify and Plaintiffs' opposition to Novo's motion. (See Doc. Nos. 924, 941.) Given that the information attached to and discussed within Novo's reply brief is similar to the information and documents already maintained under seal in connection with the disqualification motion, the Court finds good cause exists to seal Novo's reply and the attached exhibit. The Court incorporates by reference the analysis as set forth in the previous orders sealing related documents. (Doc. Nos. 924, 941.)
